THE HISTORIC FIELD

The Second Day of the Soldiers Reunion Upon the Battlefield of Gettysburg.

GETTYSBURG, Pa., July 2—The second day of the reunion opened clear and beautiful. The trains, with thousands of passengers, rolled into town. The five regiments of Green's brigade—78th, 102d, 60th, 137th and 149th New York—dedicated their monuments on Culp's hill and immediately afterward a reunion of the brigades were held. Major General Henry J. Slocum, who commanded the right federal line during the battle, and Brigadier General George S. Green, brigadier commander, made addresses.

At the same hour Sickels' excelsior B met at the site of the Brigade Ridge monument and held dedicatory exercises. The monument is not finished, the foundation being the only thing in place. Dr. Buckley, former chaplain of the First regiment, made a prayer. Dr. Twitchell delivered the oration and Dr. Buckley read an original poem, entitled, "Excelsior." At 9:30 the Irish brigade, composed of the New York infantry, marched to the Catholic church, where requiem mass for those who fell in battle was celebrated by Fathers Suiletter, Colby and Parly.

They then proceeded to the monument near the "Loop," back of "Devil's Pen," where exercises of dedication were held. General Robert Nugent and Dennis F. Burke made addresses and Mrs. Rice, Knox, and other ladies led the singing.

This afternoon the business meeting of the society of the Army of the Potomac was held. At 4:30 the regular reunion exercises take place at the rostrum in the National Cemetery.

Genl. Sickels will call the assemblage to order and present Governor and Lieutenant-Governor J. B. Gordon, of Georgia, who in turn will introdnce to the southern veterans, Governor Beaver, of Pennsylvania and by him the hospitalities of the Keystone state will be extended. Chaplain McCabe, of Virginia, will then respond to the address of welcome. Other prominent persons will take part, and the camp fires will be rekindled and kept all night.

FATHER CONWAY DEAD.

Demise of One of the Best Known and Most Poupular Prelates in America.

CHICAGO, July 2.—The death of Vicar General P. J. Conway, which occurred yesterday morning, at the parochial residence, was a shock to the community, which was not prepared for it. He had been ill for several days of a disease of the liver, but no one apprehended until Saturday night that he would die. He was conscious until almost the moment of dissolution. Archbishop Feehan was with him until within an hour of his death.

$77,000,000.

The Big Disbursement Day of the Year in New York City.

NEW YORK, July 2.—This is the big disbursement day of the year. The interest and dividend payments due here to-day on securities, railroads and other corporations, amount to over $63,000,000 and the interest on the government, state and municipal bonds aggregates $14,000,000, making the total payments $77,000,000.

Two Killed.

BRAZIL, Ind., July 2—Mike Williams, aged about fifty years, and Allen Campbell, aged about forty, were both run over and instantly killed by No. 6 eastbound passenger train on the Vandalia, due here at 2:47 a. m. yesterday. Campbell was mutilated almost beyond recognition. Williams lost both legs and suffered other injuries.

Suicide by Morphine.

ELKHART, Ind., July 2.—Miss Lydia Snelsizer, a well known young lady of this city, while suffering from a fit of depression last night, took a dose of morphine that caused her death this morning. She was in the habit of using the drug, and abstinence from it for a time caused the depression and drove her to suicide.

Banker Disappears.

ATLANTA, Ga., July 2.—C. C. Nelson, a banker, who had been running the North Side Savings bank here has disappeared.

The colored people of Fort Wayne will celebrate the Fourth of July by having a grand basket social at the colored Masonic hall, in the evening, on Harrison street, in Kelsey's block. Everybody invited to take part in the occasion.

A FATAL ACCIDENT.

Three Men Fatally Injured by an Accident on the Lake.

PORT HURON, Mich., July 2.—The new steam barge, Servia, on her first trip up the lake, coal laden, for Milwaukee, blew the corner off her steam chest, just before entering Lake Huron, this morning, seriously injuring Second Engineer R. Robinson, of West Bay City, and Fireman K. Thomas and a deck hand named J. Rann. The latter can not live. Thomas is also in a dangerous condition. Engineer Robinson will recover.

LOCAL BRIEFS.

Miss Lottie Brooks has accepted a clerical position in the Adams express office.

Edwin T. Jackson and Maud M. Cartwright were licensed to wed this afternoon.

The St. Paul's Catholic church will picnic at the Apple orchard on the Fourth.

Marcellus Rauner has qualified as administrator of the estate of the late Joseph Rauner.

Bernard Downey will be tried for grand larceny, before Judge O'Rourke, Thursday next.

Judge O'Rourke gave George B. Lawrence a judgment for $373.29 against Sumner C. Bowman.

Mr. Wm. Hahn, of Stewart & Hahn, has returned from a trip to Kansas City, where he is interested in real estate.

Oliver Yorkey was arrested to-day on an old warrant charging him with fighting. He got away from Officer O'Ryan then.

The case of the state against Laura Crockelt for assaulting Eliza Lyons will be tried in Justice Ryan's court tomorrow.

Mrs. Dr. J. O. Keller, of this city will leave this evening for a two months visit at Indianapolis and cities in the northwest.

On next Sunday evening Joseph Hughes and family will leave for New York City from which point they will on the 12th set sail for a foreign trip. They will be absent about one year.

Five machanists and five boiler makers can obtain employment at the Nickel Plate shops in this city. THE SENTINEL is glad to see this demand for labor and gives publicity to the information cheerfully.

Mr. J. E. K. France was admitted to practice law at the Allen county bar today. Mr. France is a very bright young gentlemen, comes of a family of lawyers and will yet make his mark in the profession.

Wm. C. Ryan, son of justice of the peace Daniel Ryan, this morning passed a very creditable examination and was admitted to practice law in the courts of Allen county. He is a studious young fellow and has a bright future before him.

Last evening, Harry Chasky tied a horse by the halter strap to a sleigh standing by his grocery on the corner of East Washington and University streets. The animal became irightened and ran several squares, dragging the sleigh with him. He succeeded in demolishing the sleigh bafore he was captured. No other damage was dane

The Typographical Union voted yesterday to increase the scale of prices for composition on night and day work. The day scale is raised from twenty-eight to thirty cents per 1,000 ems, and the night scale from thirty to thirty-three and one-third cents per thousand ems. Job printers are to receive $14 a week, and day foreman $16 and night foreman $20. The scale is very fair, is similar to that paid by other cities and will go into effect August 1st.

THE MARKETS.

NEW YORK, July 2.—The stock market began the new week without change, the character of the dealing being dull and without feature, the first sales at slight declines. At 11 it was very dull and steady to firm at close to the opening figures.

NEW YORK, July 2.—Money, easy, at 2½@3 per cent.

Bonds, 127½ ex. int., , 127½, 119.

TOLEDO, June 2.—Wheat, quiet, at 85½c. Corn, dull, at 48c. Oats, quiet; August, at 26½c. Cloverseed, firm, October $4.45.

The exhibition of the Fair association, at the fair grounds, July 4, will be the greatest on record. The flight of a mile by Professor Young in his parachute will attract thousands. Think of a man leaping from a balloon a mile high and shooting to the earth.

The Weather.

WASHINGTON, July 2.—Indiana: Warmer, fair weather, followed by local rains.

FELTON UNSEATED!

The California Election Case Decided—The Senate Committee Report Adversely to Fuller's Nomination.

WASHINGTON, July 2.—By a strict party vote the house committee on elections to-day decided the California contested election case of Sullivan vs. Felton in favor of the contestant, Sullivan, and will report a resolution unseating Felton. The republicans will prepare a minority report, which will probably be drawn by Mr. Rowell, of Illinois, favorable to Felton's claims.

The senate took up the river and harbor bill. There was a demand for a separate vote on the Hennepin canal amendment. It was withdrawn by Vest on the suggestion that the question might be left to the conference committee, but subsequently a motion to reconsider was made by Mr. Sherman.

Information has been received at the treasury department of the existence of a contagious desease among the cattle in the neighborhood of Tara, Grey county, Ontario. Assistant Secretary Maynard has instructed the collector of customs at Buffalo and suspension bridge tenders to refuse entry and importation of cattle from that district.

The senate committee on judiciary has decided to report back the nomination of Melville W. Fuller to be chief justice, without a recommendation.

FRELING AT CHICAGO.

CHICAGO, July 2.—The failure of the senate committee to recommend the appointment of Mellville W. Fuller, as chief justice, has called out some warm condemnation at his home here, by members of both political parties. The democrats are particularly severe.

ADDITIONAL LOCAL.

The St. Peter's Catholic church will give a picnic at DeWald's grove July 4.

Dr. C. M. Fiser has resigned the local agency of the "Bad Debt Collecting Agency."

Drs W. H. Myers, H. V. Sweringen and M. F. Porter are at home from Indianapolis.

The young men of the St. Mary's Catholic church will picnic at the Tivoli Garden July 4.

Mrs. Montgomery Hamilton and family will pass the summer at their Mackinaw cottage.

Mrs. Louis Stiefel, of Angola, is a guest of her mother, Mrs. Fisher, of West Washington street.

Geo. Graham, the Bluffton brute, is on trial in the Circuit court for a crimnal assault on Josephine Varner.

The Fruit House will be closed on the Fourth of July to allow the employes to properly observe the national holiday.

Mrs. M. A. Merriweather is at Chicago, and Mrs. F. P. Randall and daughter, Miss Mary, will join her this week.

Ed. Meigler is charged by residents of West Superior street with stealing a sum of money from a house in that neighborhood.

Special meeting of the Railroad Ladies' Auxillary at their parlors, 245 Calhoun street, this evening at 7:30 o'clock, standard time.

The six weeks old daughter of Mr. William C. Nobrwald, of No. 309 Hanna street, died yesterday. The remains were taken to Monmouth, Ind., for burial to-day.

The cottage meeting of the Railroad Y. M. C. A. will be held Tuesday evening at the residence of Mr. Irvin Bryan, N0. 144 Horace street, at 7:30 o'clock, standard time. A cordial invitation to all.

John Refine, of the Pittsburg yard service, fell from a car yesterday and injured his back severely by dropping on a steel rail. Dr. Stemen says he is resting easy to-day.

The "Lillie" was called to the junction west of the city Saturday night to disperse a gang of tramps. The *Gazette* says the fellows wanted to rob a Pittsburg passenger train. The *Gazette* is humorous if not original.

The St. Paul's Lutheran congregation will picnic at Concordia college grove July 4. The Emanuel church picnic will be at the Thomson grove, on South Broadway, and will have a line of busses to the festival. St. John's Lutheran congregation will picnic at Reidmiller's grove and have engaged the City band.

Mr. George W. Brackenridge received a telegram from Indianapolis, this morning, announcing the sad intelligence of the death of Mrs. A. G. Craft, mother of Rev. Frost Craft, formerly of this city, at her home at the state capital, Saturday evening. Mrs. Craft was highly respected and widely known.

Rev. D. C. Woolpert attended the Jeffersonian club meeting Saturday night. His recent utterances and his presence at the meeting led Hon. Fred. J. Hayden to suspect his conversion to democracy and on his motion the reverand gentleman was chosen chaplain of the club. Rev. Mr. Woolpert says he was at the meeting as a spectator and would have objected to his election, but could not make himself heard so great was the enthusiasm. It is not too late for the clerical gentleman to repent his political ways, however. To him and all other independent voters the Jeffersonians extends a hearty welcome.

There was no service at the Second Presbyterian church last evening.

TEN DROWNED.

Sad Fate of a Pleasure Party Who Were Overtaken by a Storm.

PORT CHESTER, N. Y., July 2.—Ten young men of this village lost their lives in Long Island Sound Saturday. About seven o'clock William Hubbard and Bart Flint, both married and having children, and Frank Heyworth, Albert Memfield, Max Smith, Patrick Shea, Michael Roger, Alexander Desheney, John and Edward Robold, brothers, single, left the harbor in a boat twenty feet in length. Their boat was overtaken by a storm and all were drowned.

THE JEFFERSONIANS.

They Have a Rousing Reunion and Elect New Officers—The Uniform.

The circuit court room was crowded to its utmost capacity Saturday night in response to a call for the reorganization of the far famed Jeffersonian club.

Hon. Chas. McCulloch presided and Mr. W. W. Rockhill was at the secretary's desk.

Ex-Councilman Herman Michael, Capt. J. H. Rohan, A. P. Catlin, Edward Miller and a number of gentlemen who have been independent in politics stepped up and signed the Jeffersonian roll and declared themselves for Cleveland, Thurman, tax reduction and an honest administration of governmental affairs.

Their conversions were hailed with cheers and stirring speeches were made, Mr. Michaels paying a high tribute to the city government, concluding with the words, "I join the democratic party because it does not need reform."

The election of officers was fraught with the greatest possible unanimity and resulted as follows:

President, Charles McCulloch.
Vice-Presidents:
First Ward—Captain Charles E. Reese.
Second Ward—S. M. Foster.
Third Ward—William Meyer, jr.
Fourth Ward—A. F. Glutting.
Fifth Ward—Jno. C. Peters.
Sixth Ward—Louis Fox.
Seventh Ward—Chas. Sossenheimer.
Eighth Ward—George R. Hench.
Ninth Ward—F. C. Boltz.
South Wayne—Captain J. H. Rohan.
Secretary, Michael V. Walsh.
Treasurer, C. F. Mubler.

The military officers were chosen as follows:

Captain, George Fickel.
First Lieutenant, Michael S. Houlihan.
Second Lieutenant, Thos. Toomey.
Orderly Sargeant, Louis Hazzard.
Chaplain, Rev. D. S. Miller.
Standard Bearer, Captain E. B. Smith.

The club has adopted the white hat and cane and a Jeffersonian badge as its uniform emblems and a committee, Hon. J. H. Barrett and A. J. Moynihan, was appointed to look after them.

THE EXCHANGE!

An Important Meeting to be Held This Evening—Report of the Investigating Committee.

The Business Men's exchange will meet in regular session to-night.

The election for voting an appropriation of $200,000 to the New York, Mahoning and Western road, occurs next Saturday, so that the attendance of the members of the ward campaign committee is expected and necessary this evening, as it is proposed to call a monster mass meeting for Thursday or Friday evening of this week.

Messrs. H. C. Graffe, H. C. Paul and J. B. Monning will to-night report to the exchange the result of their visit to Findlay and Ottawa, Ohio, where the new road is being constructed. Mr. Monning says the committee rode over seventeen miles of the road, and pronounces the track the best and most substantial he ever looked at. The contractors will have the rails laid into Findlay by July 4.

The work of grading the road towards Fort Wayne, he says, is pushed rapidly and the Allegheny Construction company tell him they will build the road from Findlay across Ohio and Indiana to the Illinois state line, 178 miles, as fast as an army of workmen can accomplish the task The committee will state its findings to the exchange in a fair and impartial manner to-night and will add that in all agreements and contracts the company has kept faith with Ohio people

The shop project will be the topic for discussion and the exchange parlors ought to be crowded.

He Wanted to Die.

A stranger attempted to chloroform himself in the court house yard this afternoon. He saturated a handkerchief with chloroform and laid down to peaceful slumbers, but the police were called and the would-be suicide was hustled off.

Killed by a Train

ELKHART, Ind., July 2.—Mrs. Susie Call, a well known lady of this city, while walking on the Lake Shore and Michigan Sothern track, in the western part of the city, last evening, was run over and instantly killed.

THE IRON STRIKE!

The Findlay Iron Works Signs the Amalgamated Scale—The Situation To-day.

PITTSBURG, July 2.—Two more signatures to the amalgamated scale are reported this morning—the Laughlin Iron company, of Leechburg, Pa., and the Findlay Iron company, of Findlay, Ohio. The shut-down does not affect all the workmen in and around the mills as reported. Many departments are not governed by the Amalgamated association scale and will continue in operation. Jones & Laughlin employ 4,000 men at the American iron works, but only half of these are affected. The others are employed in other departments of the mill and will continue at work as long as they have iron.

QUITE AN EVENT.

The Corner Stone of the Monroeville Catholic Church Laid Yesterday.

In the presence of a vast assembly the corner stone of the new Catholic church at Monroeville was laid yesterday afternoon by Rt. Rev. Bishop Dwenger, who was accompanied from this city by Very Rev. Father Brammer, Rector J. H. Oechtering and Rev. Father Koenig.

Two special train were run from this city and carried some 800 people to the festivities. The Catholic Knights and the Catholic Legion, in their handsome uniforms, were among the excursionists and a branch of the Legion came from Decatur.

The bishop preached an eloquent mission sermon and on this subject he has no superior anywhere.

The occasion was a pleasant one and indicates an interest in church growth.

REV. W. N. WEBBE.

His Resignation Accepted by the Trinity Church Vestry.

At a meeting of the vestry of Trinity church, Saturday night, the resignation of Rev. W. N. Webbe, as rector, was accepted to take effect September 1 next.

Nothing has been done yet as to electing his successor and nothing will be for a month or so.

Rev. W. N. Webbe is a very forcible pulpit orator and his services will engage our encomiums later on.

The Festival To-night.

The concert and festival at Library hall will continue to-night and will be as attractive as ever, the City band and Prof. Reinecke's orchestra doing musical honors.

A feature of the festival is the contest for a handsome chair between the railroad ticket agents. The vote opened Saturday night as follows: R. G. Thompson, 10; John Ross, 10; Gordon Evans, 14; Frank Wise, 7.

Broke His Leg.

Yesterday afternoon, in a runaway accident on Ewing street, two buggies collided and the occupants were thrown out into the street. Mr. Ph. Heckstetter was driving one of them and in the fall to the ground he had his leg broken. He was conveyed to his home on Breckenridge street and is now under the care of Dr. Sweringen. Both vehicles were pretty badly demolished.

The Building Boom.

Charles Benoy has been given a permit to build one story frame house on lot 1, Hanna's lots, to cost $950.

John H. Lange, to build a two story store building on lot 143, Hamilton's 4th addition, to cost $3,000.

Geo. Estel, to build a one-story frame house on lot 85 Bass and Hanna's addition, to cost $500.

Go to Warsaw July 4th and see the grand fire works. $1.00 round trip. 2t.

TO SUBSCRIBERS.

THE SENTINEL'S subscription list has grown to such proportions that the news-boys are liable to make mistakes and have omissions. Our friends and subscribers will confer a favor by notifying the management of any failure to receive THE SENTINEL. Subscribers are only required to pay for papers actually delivered. This will prompt our agents to do their duty.

BOOM the city. It helps every inhabitant.

THE Jeffersonians still live and are mightier than ever.

DECATUR, Ind., will indulge in the rare luxury of entertaining three conventions to-morrow.

IT now transpires that the republicans had to pay thirty cents a drink for whisky at Chicago. No wonder they declared for the abolition of the whisky tax.

THE local democratic forces are organized in splendid shape. Now let the campaign proceed. Tireless, ceaseless, intelligent work, and nothing short of it, will bring a glorious victory to the democratic party.

LEVI P. MORTON, the republican candidate for vice-president, is head of the firm of Morton, Bliss & Co., in New York, and Morton, Rose & Co., in London. The republican press will have very little to say about British gold this year.

IT will cheer the Irish heart to know that one of General Harrison's ancestors was one of Cromwell's lieutenants and sympathisers. If we recall events rightly it was this Harrison of the Cromwellian era that signed the death warrant of Charles I. and was hanged and quartered for it.

THE *Gazette* forgets its Gresham love and espouses the Harrison cause as readily as the Southern Indiana widow, who, the other day, married an old lover an hour after her dead husband's funeral. Only a few of the Gresham mourners, however, participate in the Harrison-Morton wedding feast.

THE excursion of the employes of the Pittsburg and Fort Wayne road to Warsaw Saturday is one of the pleasantest features of our industrial life and is calculated to create a pleasant and congenial feeling between the railroad company and its servants that must result in good to both. The example is good and wholesome and worthy of emulation everywhere.

THE house has completed the consideration of the free-list schedule of the Mills tariff bill. This portion of the measure effects a reduction of $25,000,000 in customs duties, based upon the importations of last year. Mr. Mills will now urge consideration of the other features of the bill that only effect a reduction of the import tax and expects to bring the measure to a vote within four weeks.

THE *Chinese Weekly News*, published in New York, comes out squarely for Harrison and Morton. It says: "The *Chinese Weekly News* believes in principle always. It dares to advocate it. Therefore it is heart and soul for Ben Harrison. He believes, as does the *Weekly News*, that this a is country not only intended for the white and black sons of Ham, Shem and Japhet, but also the yellow sons of Adam as well. Otherwise this would not be the America we know of."

THE Jeffersonians had a magnificent meeting Saturday night. The interest and enthusiasm in the democratic cause was never so forcibly demonstrated. When four life long republicans arose to announce their conversion to Cleveland, Thurman and tax reform, the rejoicing, as might be expected, was tumultuous. The club is splendidly officered and will be a great factor in Allen county politics. Nothing short of 5,000 democratic majority will satisfy the Jeffersonians.

THE annual review and adjustment of the salaries of presidential postmasters has been completed by the government. The total number of presidential offices which will be in operation July 1, 1888, is 2,502, an increase during the year of 166. The aggregate allowances for salaries of presidential postmasters for the next fiscal year is $4,202,400, an increase of $322,100. The total gross receipts of presidential postoffices for the year ended March 31, 1888, were $38,498,721, an increase of $3,321,559.

AN eminent lawyer, Judge John Morris, pronounces the agreement and contract between the county commissioners and the New York, Mahoning and Western road in every way regular and binding. The Business Men's exchange is proceeding in the matter in an honest, careful manner and propose to assure the people that the proposition to vote $200,000 for the great shops of the New York, Mahoning and Western road is right or wrong. So far the assurances demonstrate the justice of the appropriation, and THE SENTINEL feels that the opinion of this intelligent body of business men is worth more than the vague and exasperating innendoes of an anonymous writer.

OPPOSED TO HARRISON.

Indiana Workingmen Will Vote Against the Republican Nominee.

INDIANAPOLIS, July 2.—The leaders here of labor organizations have almost to a man pronounced against the republican ticket. The *Labor Signal*, the organ of the party in Indiana, voices this sentiment and says:

"The nomination of Mr. Harrison was a genuine surprise to the organized workingmen of this state, because their attitude toward that gentleman is well understood, and it does not seem possible that a convention of sane men would invite confidence with a large number of votes in an extremely doubtful state by naming a candidate so objectionable. Mr. Harrison's candidacy for the senate two years ago aroused opposition among the labor organizations. It was expressed in scores of resolutions adopted by assemblies and unions. This paper opposed Mr. Harrison's election to the senate for reasons that would prevent it from supporting him now. His public record, in our judgment, has not been such as to commend him to the favorable consideration of the people this paper represents. We did all within our power to warn the republicans in time. That they did not think advice from such a quarter worth holding outs no figure now, but hundreds of letters from representative workingmen in this and other states indorsing the *Signal's* position and breathing intense enmity to Mr. Harrison are convincing proof that our position is correct, at least from the labor stand point. Organized labor will decide the presidential contest this year, and it is almost solidly arrayed against Gen. Harrison. In our judgment Mr. Harrison's defeat is a foregone conclusion, even if Gov. Porter should lend himself to the commonly talked scheme of running for governor in order to help the Chicago nominee through in Indiana.

A second source of weakness to the Chicago ticket is Levi P. Morton, the Wall street banker. It looks as if Senator Ingall's advice to the Kansas delegation has been carried out to the letter. It is a principle as strong as written law with knights of labor not to aid in the elevation of a national banker to any office. The organization is opposed to the national banking system, and recognizes in it the mainspring of all monopoly. For a great political party to go into Wall street—over which the curses of the farming and producing classes of the nation hover like an angry cloud—to select a candidate for its national ticket is another thing that astonishes the average workingmen and causes him to wonder whether the monopolistic interests of the country have not foreseen the inevitable conflict and concluded to force the issue without giving labor further opportunity to organize and inform itself.

Opposed to the Ben Harrison Doctrine.

INDIANAPOLIS, Ind., July 2.—The democratic workingmen of the First precinct, of the Twenty-first ward, have organized. The names of 150 active democrats were subscribed to the following:

We, the undersigned workingmen of the First precinct, of the Twenty-first ward, believing that it is to our interest to organize in behalf of good government and the advancement of labor, do now declare that we are opposed to the Ben Harrison doctrine of coolie labor, shooting down workingmen, taxing of the laboring classes for the benefit of monopolies and trusts combined, and in favor of the present administration of Grover Cleveland, to whom we each and severally pledge our ardent support.

A DAY'S OUTING.

The Pittsburg Employes Enjoy a Grand Gala Day at Warsaw's Famous Resort.

The excursion last Saturday to the beautiful Eagle Lake resort, near Warsaw, given by the Pennsylvania railroad company to the employes of this city, was the success of the season. At least 3,000 people attended it, and as the two monster trains unloaded their passengers at the depot, within a few rods of the resort, it appeared, as one of the residents of Warsaw remarked, "As if the whole of Fort Wayne had been sent down to Eagle Lake for a gala day."

It did not take long for the vast crowd to disperse themselves and they were soon scattered about in the immense grove, engaged in such pleasures as the resort afforded. It was in the height of their day's pleasure that THE SENTINEL reporter found them, when, in company with a number of the clerical force of the Pittsburg offices, he stepped from the afternoon train and wended his way to the Eagle Lake hotel.

A more beautiful spot than "Spring Fountain park," by which name the resort is known, would be difficult to find. Situated within a mile and a half of the beautiful little city of Warsaw, it lies right at the edge of one of the most romantic lakes of northern Indiana and is indeed a paradise for pleasure seekers. Nature had been rich in her gifts in making this a pleasant place, but the hand of man has added much to it, and now an elegant hotel, winding walks and drives, beautiful flowers, rustic bridges, fish ponds and fountains, deer park, flowing trees, boating, bathing, swings, croquet, lawn tennis, dancing hall, base ball grounds and numerous other attractions have been added to it and one finds plenty to amuse and entertain him while passing the day among its cool and shaded retreats.

The Fort Wayne party were not slow to take advantage of all the attractiions which the place afforded and they got out of the day all the pleasure there was in it. The dancing hall and boat riding on the lakes were the favorite attractions. The former was a scene of gaiety all the afternoon and evening, while the lake was dotted with boats at all hours. There was nothing to mar the pleasure of the day and at a late hour the party boarded the trains for home, which was readied shortly after 10 o'clock.

NOTES.

Casso's orchestra furnished the music for the dancing hall.

The steamer on the lake did a thriving business and was crowded all day.

The base ball grounds is a recent addition and was not in very good shape.

Messrs. Page, Yarnelle and Foster, of this city, have handsome cottages at the resort.

The Pittsburg employes voted it a gala day and they will long remember its pleasures.

Many people from Warsaw drove out in the evening and looked in on the pic nickers.

There is an elegant drive around the lake and many persons paid the ten cent fare to enjoy it.

The boats were kept in constant use. The management did not have enough to supply the demand.

The City band were with the excursion and always drew the crowd around them when they played.

Dinner and supper were taken picnic-fashion around through the grounds and cold chicken, cake and pickels had to suffer.

Many of the excursionists went over to Warsaw during the afternoon. The drive is a twenty-minute one, and costs ten cents each way.

Mr. George Triplett is the proprietor of the hotel. He is a pleasant and accommodating gentleman and is meeting with success in the business.

The little folks were well provided for. The employes furnished them with 200 bags of mixed candy and 400 balls of pop corn, and in each package was a nickel.

Frank Zimmerman, editor of the Warsaw *Union*, was on the grounds in the evening. Frank is publishing one of the best democratic papers in Northern Indiana.

The Pennsylvania company nine and the Warsaw club played a game of base ball in the afternoon and our boys were beaten by a score of 4 to 0. The Warsaw club had Wirsche and Jones, from this city, as their battery, and to this cause the Pennsylvania club owe their defeat. They were disappointed in securing the battery they expected.

ALLSPICE is not all spices at all, but one spice, the product of the powdered berries of the pimento or Jamaica ginger. Pimento trees are small evergreens, and the flowers grow in clusters, and are followed by small green aromatic berries, which are gathered before ripening and spread upon platforms to dry in the sun. The trees are never planted, but grow wild from seeds scattered by birds, and are thinned out and looked after by the farmers. A strong liquor is made from the berries by the Jamaica farmers.

Get rid of that tired feeling as quick as possible. Take Hood's Sarsaparilla, which gives strength, a good appetite, and health.

THE year 1610, three years after the first settlement, is known as the "starving time" in Virginia, owing to the hardships endured by the settlers.

No injurious effects can follow the use of Ayer's Ague Cure. It contains an unfailing antidote and specific for miasmatic poisons, together with remedial agents which purify and re-invigorate the system.

Half Rates 4th of July.

The Fort Wayne, Cincinnati and Louisville railway will sell excursion tickets between all stations at half rate on July 3rd and 4th, good to returning July 7. 88-5t

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until **Ayer's Sarsaparilla** did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 262 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, she was afflicted with a complete loss of appetite, and indigestion. A friend persuaded her to try Ayer's Sarsaparilla, which benefited her so much that she continued its use regularly. Her health is now perfect. Martyrs to headache should try

WINDOWS OF THE SOUL.

A Study of the Eyes--Race and Individuality Shown.

[Chicago Herald.]

"Wink as much as you please, but keep the lids wide open. Ah! yes, that will do. You are one of the few women that I have posed who knows how to use the eyes."

The speaker was a well-known Chicago photographer, and the person addressed was a charming young woman with marvelous black eyes and a wealth of fluffy golden hair.

"It will be a perfect picture, miss," he said; "you will like it. You may see a proof to-morrow."

Then, as the young lady left the studio, the little artist fell to thinking about eyes. It was an interesting and instructive chat. It was learned that long eyelashes soften the expression, particularly in women. A marked example of this was Adelaide Neilson. She seemed to have a double set of eyelashes, so heavy were they. Her great charm was the expression of her eyes. They were large and beaming. They had a soul in them, and the heavy lashes poetized them. It was learned, too, that a full eyelid gives a softening expression, and that the surrounding muscles have a great deal to do with the expression of the eyes. But the whole soul is expressed in the eye when a person is earnestly pleading. In woman the eye is more delicately shaped than in man; the eyelashes are longer and the eyebrows more delicately arched. A perfect eye in a woman should be full, almond-shaped, with long lashes, upper and lower, with a delicate eyebrow to suit the shape of the eye. In color blue is the more sentimental, but a small gray eye in a woman will vary more in expression. Some men have women's eyes. The great Napoleon was one of them. He had the clear, cold, steel-gray eye that showed the lightest and the darkest shades of character. It is the flash of expression that makes the woman's eye lovable, the coquettish part of her nature expressing itself in the eye.

There are eyes, also, which resemble those of animals—the lion, the eagle, the ferret. Gen. Logan's eye could be truthfully called a hawk's eye, it was so black and piercing, yet, withal, it was a full, honest eye and one of deep feeling. The actor Montague's eye was often compared to that of a gazelle. It was soft and beautiful and full of soul.

It is said that there are thirteen rules by which the character may be judged by the eyes. Those that are very large and are also of an extremely clear blue, almost transparent when seen in profile, indicate a ready and great capacity, extreme sensibility, suspiciousness, an inclination to enjoyment and curious inquiry. Black, sparkling eyes, that are small and under strong, black eyebrows, denote penetration and often cunning and artful simulation. A weak nature is denoted by eyes which, seen in profile, run almost parellel with the profile of the nose, and a small, pusillanimous character by eyes about which there are many very small long wrinkles. Eyes with long, sharp, horizontal corners and thick-skinned lids covering half the pupil indicates a sanguine nature and genius. Quick discernment, elegance and taste, instability, pride, and a strong love for women are denoted by eyes which are large, open, clearly transparent and which sparkle with rapid motion under shapely delineated lids. A feeble constitution and a phlegmatic weakness of mind are donated by eyes with light, small eyebrows and very long, concave lashes. Eyes that are never very round nor entirely open are those which hear while they see, enjoy and color their object like themselves, and are a medium of voluptuous and spiritual enjoyment. Proud, suspicious, harsh, and cold-hearted persons have deep-sunken, small, sharply delineated, dull blue eyes, under a bony, perpendicular forehead.

Curious facts have been observed regarding the eyes as a feature in national physiognomy. The Italian's eyes are small, the German's light-colored and surrounded by many wrinkles, and the Englishmen's are strong, open, and steadfast. The Swiss have dull eyes; the Laplanders narrow eyes with the pupils of a yellow brown; the Tartars small and sunken eyes; the Spaniards' are clear and well formed, and the Finlanders have heavy lids and the iris of a deep yellow.

The little photographer fished from an inner pocket a diary which contained his judgment concerning the eyes of distinguished people who have faced his camera here and in New York. Following are some extracts:

The eye of passion is the grand eye, and it is in delineation of passion that the actor possesses power. In this Booth is unexcelled. His great power is in his eyes and in their great intensity. They are large, rigorous, nervous, subdued, yet full of power, flashing eyes.

Dangers That Lurk in the Manufacture of Celluloid—How [illegible] Manufactured.

"Look out!"

The reporter [illegible] as if he had inadvertently [illegible] coil.

"Great Heavens, man! Do you want to burn your fingers?" continued the merchant, excitedly.

"What's the matter?"

"Matter enough. Those eyeglasses of yours are framed in celluloid and you keep twirling them around in your fingers too near that gas jet you will have an explosion."

The reporter placed the dangerous contrivance astride his nose, and the merchant, one of the largest dealers in the city, continued his conversation where this incident had interrupted it.

"Most celluloid is made in France. Would you like to know how? Then listen: A roll of paper is slowly unwound, and at the same time is saturated with a mixture of five parts of sulphuric acid and two parts of nitric acid, which falls upon the paper in a fine spray. This changes the cellulose of the paper into pyroxyline (gun cotton.) The excess of the acid having been expelled by pressure, the paper is washed with plenty of water until all traces of acid have been removed. It is then reduced to a pulp, and passes on to the bleaching trough. It is this gun-cotton which gives it its explosive nature.

"Most of the water having been got rid of by means of a strainer, the pulp is mixed with from 20 to 40 per cent. of its weight of camphor, and the mixture thoroughly triturated under millstones. The necessary coloring having been added in the form of powder, a second mixture and grinding follows. This pulp is spread out in thin slabs, which are squeezed in a hydraulic press until they are as dry as chips. Then they are rolled in heated rollers, and come out in elastic sheets. They are then that point worked up into every conceivable form. You can get celluloid collars, cuffs, hairpins, shirt fronts, cravats, penholders, brushes and combs, inkstands, knife handles, jewelry, and everything else almost that you can imagine. I have seen in Paris a room almost completely furnished in celluloid. The curtains, the furniture, the door knobs, and even the matting were made of this material. You may be sure no matches were ever carried there. Indeed, the room was never used. It was only a curiosity, and the man who owned it owned the factory where it was made. These rooms will never be popular. Few men, even in this rapid age, care about being blown into the kingdom come in small fragments, scorched and scattered, and that would be the fate of the man who let a lighted match fall in such a room."

The Dynamite Gun.

Zalinski's dynamite gun has already been adapted and improved by the English ordnance-builders. Henry Maxim one of these, retains the pneumatic principle which has been utilized with so much success by Zalinski, but instead of using compressed air alone, he mixes with this a quantity of volatile hydrocarbon, such as the vapor of gasoline. This mixture is introduced behind the projectile and the pneumatic pressure is applied to start the projectile forward in the chamber of the gun. After it had moved a certain distance the projectile itself uncovers a detonating fuse and an explosion then occurs in the air furnishing the oxygen for the explosion, and its pressure being increased about eight times. He claims that by this method his initial pressure does not need to be more than half as great as that used by Zalinski, nor does he require that the barrel of his gun shall be of such great length. His highest pressure is about 4,000 pounds to the inch, the initial pressure being not more than one-tenth of that.

Says She Slept with a Bear.

A letter from Kingston, N. Y., says:—It hardly seems credible that a child should meet with a wild bear in the woods, nestle close to its warm robe of fur, and sleep all night with bruin and not be harmed at all. On Wednesday afternoon last, a 2½-year-old daughter of Millard Davis of Boiceville, in the Catskill Mountains, disappeared and no trace of her could be found, although searching parties were out all night. On Thursday, a man who was fishing for trout discovered the little girl standing in the middle of a brook that runs through a deep ravine between two mountains. She had wandered over two miles away from home. The parents were overjoyed in recovering their little one. And now comes the strange part of the incident. The little girl has never been known to tell stories, and in fact is too young and innocent to practice deceit. When her father asked her where she had slept all night the little one answered,—"In the woods with a big bear, papa." She was closely questioned, but the child adhered to her story that she had slept with a bear in the woods, and people in Boiceville believe that the little girl did really meet with a bear, and, not knowing what it was, went up to it, and for some reason the beast refrained from hurting the wanderer.

There are other people who believe the bear came out of the mountains to the vicinity of Mr. Davis house, and the child, seeing the shaggy brute, ran after it and followed it to the ravine.

Catarrh Cured

Catarrh is a very prevalent disease, with distressing and offensive symptoms. Hood's Sarsaparilla gives ready relief and speedy cure, from the fact it acts through the blood, and thus reaches every part of the system.

"I suffered with catarrh fifteen years. Took Hood's Sarsaparilla and I am not troubled any with catarrh, and my general health is much better." I. W. LILLIS, Postal Clerk Chicago & St. Louis Railroad.

"I suffered with catarrh 6 or 8 years; tried many wonderful cures, inhalers, etc., spending nearly one hundred dollars without benefit. I tried Hood's Sarsaparilla, and was greatly improved." M. A. ABBEY, Worcester, Mass.

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the *combination* of remedial agents; 2d, the *proportion;* 3d, the *process* of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and seems to make me over." J. P. THOMPSON, Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. BARRINGTON, 130 Bank Street, New York City.

EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in half pound tins by grocers, labeled thus: JAMES EPPS & CO., Homœopathic Chemists, London, England.

MAGNOLIA

BALM, overcomes Sallowness, Blotches, and gives a Smooth, Soft, Youthful and Pliable Skin!

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery,** and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs,** is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for **all Chronic Diseases** of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at $1.00, or Six Bottles for $5.00.

The Brotherhood of Locomotive Firemen is still increasing in membership to an unparalled extent. It is estimated that at least 3,000 members will be added in 1888. Besides being a social organization, it is doing a grand work in a charitable way.

Twenty-five years ago yesterday, Councilman J. C. Kensill was badly wounded at the battle of Gettysburg, and lay upon that field for four days after the rebel bullet had struck him. Jack regrets that he can not participate with his old comrades in the celebration of the twenty-fifth anniversary of that great struggle to-morrow, but he has raised a forty foot flag pole at his residence and to-morrow the grand old banner, that he and so many others fought to defend, will float from its mast head.

The Plymouth *Republican* says: "Considerable indignation was felt and expressed, last Friday, when it was learned that M. W. Simons, represent ing this district in the Chicago convention, had voted on the second ballot for Judge Gresham, instead of General Harrison. It was well known that he had been so instructed both by his county and district conventions, and that the Marshall county delegates, in district convention, had to pledge themselves for Mr. Simons before he could secure the election as delegate."

Mrs. R. C. Bell is visiting relatives at Muncie.

Water rents have been reduced 20 per cent.

Dr. Barnett went to Butler, Ind., this morning.

Mrs. Robert Cran and children are visiting at Aboite.

The Wabash employes are going to have a free excursion to Presque Isle. Let the good work proceed.

James McDermot, a printer, was struck by a Wabash train at Logansport Saturday night and badly hurt.

The Masons of Delta, Ohio, propose to erect a monument to the late Octavius Waters, father of Mr. Tom Waters, the traveling salesman.

At a meeting of the Typographical union yesterday, Mr. C. C. Casterline was elected president and Mr. Edward Miller vice president.

Mr. Chare Kroemer, of Washington township, who had his leg broken about six weeks ago, is still confined to his home with the injuries.

The Huntington *Democrat* says: "Mrs. Frank Knecht, of Fort Wayne, who has been visiting the family of Peter Zahn, of Tipton street, returned home this morning."

Weighmaster Ryan collected $107.50 during the month of June. For the six months ending June 30 he weighed 3,097 tons of hay, 17,112 bushels of corn and 23,742 bushels of oats, the total value of which was $70,000.

Rev. A. K. Zartman, of the Grace Reformed church, preached the first sermon of his pastorate in this city yesterday to a large audience. It was an interesting and eloquent effort and the brilliant young pastor will prove a great favorite as a pulpit orator in this city.

The *Gazette* ought to be the last paper on earth to hint at plagairism on others. Its local columns are made up each morning with the news clipped from the *News* and SENTINEL of the evening before and its funny items are reproduced from the Detroit *Free Press* and last year's almanac.

The state tour of Indiana wheelmen begins July 6th at Indianapolis, going through Morristown, Rushville and taking in the Cincinnati exposition, thence through Kentucky, visiting Mammoth Cave and other points of interest, and disband at Marysville, Ky. The estimated cost is about $20.

The pretty waiter girls and the clerks of the McKinnie house picnicked on the banks of the St. Joe yesterday and had a delightful time with their friends. The affair was given by Mr. George McKinnie as a compliment to the employes of the popular railrood hotel for their very efficient service during the rush attendant on the Chicago convention.

Twenty-five years ago to-day Capt. Charles Reese was wounded at the battle of Gettysburg and our readers will recall how the bullet of that famous battle liberated itself from long imprisonment in the nasal bones of the captain's face some months ago. Captain Reese never overlooks the anniversary of that battle for it was a close call for him.

At the meeting of the democratic county central committee Saturday, there was some question as to the viva voce vote for chairman, Hon. Montgomery Hamilton and Hon. J. M. Barrett being voted for. Mr. John Wilkinson and others asked for a roll call of the townships and wards for the purpose of verification and were hissed and ridiculed by some fellows in the lobby. A member of THE SENTINEL staff, who is one of the committeemen from the Fifth ward, arose to insist on a roll call. He was hissed, but just for a moment, however, for he paid his respects to the parties responsible for the interruption, silenced them and secured a roll call over their objections, everything he asked for. This statement is made to satisfy the *Gazette* that no one from THE SENTINEL office was "set down upon," and never will be in any such manner as it intimates.

ECHOES OF THE RAIL.

Quietness Reigns Around the Busy Centers of the City and the News Gathered is Not Startling.

All the railroads will have reduced rates for the Fourth.

The Wabash boys will have a big excursion to Presque Island.

Many of the Bass foundry employes were at Monroeville yesterday.

Ed. McCamley, of the Bass moulding rooms, was at Monroeville yesterday.

Daniel Imbody, of the Bass works, was off duty to-day on account of sickness.

Ph. Smith, of the Bass machine shops, is still confined to his home with an injured leg.

Charley Benoy and H. M. Zauner, machinists at the Bass works, will spend the Fourth at Chicago.

Wm. Depray, of the Olds wheel works, has gone to Archibald, Ohio, to remain until after the Fourth.

Frank Saffen, a machinist at the Bass works, is being congratulated over the arrival of a boy baby at his home.

Young Molidor created considerable amusement for the picnickers at Warsaw Saturday by leading a turtle around by the tail.

The Pittsburg took 518 excursionists to Monroeville yesterday to attend the dedication exercises of the Catholic church at that place

Wm. Anderson, of the Nickel Plate, leaves this week for Mt. Clemens, Mich., on account of his health. He has been sick for several weeks.

Mr. James A. Graham, the superintendent of the Pittsburg car department, made it pleasant for the children at Eagle Lake Saturday.

The Pennsylvania base ball club played a good game at Warsaw Saturday. It was the Fort Wayne battery of the Warsaw boys that beat them.

The different manufacturing establishments of the city will close down Wednesday to give their employes an opportunity of enjoying the Fourth.

Pittsburg train No. 3 was stoned Saturday evening as it was passing through Lima, O. The windows were broken and several of the passengers injured. These miscreants should be severely handled if caught.

The big jack engines which took the excursion trains to Warsaw Saturday were compelled to return to this city to turn around, the turn-table at that place not being large enough for that purpose. They then made the trip back to Eagle Lake and returned with the trains in the evening.

The shop men of the Pennsylvania company desire us to return their thanks to Superintendent Law, Superintendent of Motive Power Casanave, Master Mechanic Potter and the shop committee for the picnic given them at Warsaw Saturday. They enjoyed the day hugely and voted the picnic one of the best they had ever enjoyed.

It is amusing to see how the *Gazette* gets mixed up some times—very frequently in fact—when mentioning the names of some of our most prominent and well known towns people. For instance in giving the vote on the most popular railroad ticket agents of the city at the Library hall fair, Saturday night, it gives the names of John Bass and R. L. Thompson.

While at Warsaw our reporter enjoyed the pleasure of meeting Mr. D. P. Nichols, one of the employes of the Pennsylvania company at that place. Mr. Nichols was for years the agent of the company at Pierceton, but is now stationed at Warsaw. He has a host of friends among the employes of the Pennsylvania and every train man on the road knows him, for his pleasant ways make him a favorite.

James H. Sloan, the clerk of the Pittsburg machine shops, observed the anniversary of his birth Saturday in a royal manner and spent the day with a host of friends at Eagle Lake, Warsaw. The boys were ignorant of the fact that it was Jim's birthday and the first notice that they had of the fact was on the train when returning home in the evening. This was too late to admit of the honors that would have been thrust upon him at Eagle Lake had the fact been known, but Jim received the congratulations quietly and smiled to think how nicely he had fooled the boys.

The New York, Mahoning and Western Road.

Some time ago it was stated that a receiver had been appointed for the above line. To disprove the falsehood we append the following official documents:

Circuit Court of the United States for the Northern District of Ohio, Western Division:

I, Hallie W. Brown, deputy clerk of said court, do hereby certify that no receiver of the New York, Mahoning and Western railroad has been appointed in any suit or proceeding in this court.

Witness my official signature and the seal of said court, at Toledo, Ohio, this 30th day of June, A. D., 1888.

THE HISTORIC FIELD

The Second Day of the Soldiers Reunion Upon the Battlefield of Gettysburg.

GETTYSBURG, Pa., July 2.—The second day of the reunion opened clear and beautiful. The trains, with thousands of passengers, rolled into town. The five regiments of Green's brigade—78th, 102d, 60th, 137th and 149th New York—dedicated their monuments on Culp's hill and immediately afterward a reunion of the brigades were held. Major General Henry J. Sloeum, who commanded the right federal line during the battle, and Brigadier General George S. Green, brigadier commander, made addresses.

At the same hour Stickels' excelsior B met at the site of the Brigade Ridge monument and held dedicatory exercises. The monument is not finished, the foundation being the only thing in place. Dr. Buckley, former chaplain of the First regiment, made a prayer. Dr. Twitchell delivered the oration and Dr. Buckley read an original poem, entitled, "Excelsior." At 9:30 the Irish brigade, composed of the New York infantry, marched to the Catholic church, where requiem mass for those who fell in battle was celebrated by Fathers Sullester, Colby and Farly.

They then proceeded to the monument near the "Loop," back of "Devil's Pen," where exercises of dedication were held. General Robert Nugent and Dennis F. Burke made addresses and Mrs. Rice, Knox, and other ladies led the singing.

This afternoon the business meeting of the society of the Army of the Potomac was held. At 4:30 the regular reunion exercises take place at the rostrum in the National Cemetery.

Gen. Sickels will call the assemblage to order and present Governor and Lieutenant-Governor J. R. Gordon, of Georgia, who in turn will introduce to the southern veterans, Governor Beaver, of Pennsylvania and by him the hospitalities of the Keystone state will be extended. Chaplain McCabe, of Virginia, will then respond to the address of welcome. Other prominent persons will take part, and the camp fires will be rekindled and kept all night.

FATHER CONWAY DEAD.

Demise of One of the Best Known and Most Popular Prelates in America.

CHICAGO, July 2.—The death of Vicar General P. J. Conway, which occurred yesterday morning, at the parochial residence, was a shock to the community, which was not prepared for it. He had been ill for several days of a disease of the liver, but no one apprehended until Saturday night that he would die. He was conscious until almost the moment of dissolution. Archbishop Feehan was with him until within an hour of his death.

$77,000,000.

The Big Disbursement Day of the Year in New York City.

NEW YORK, July 2.—This is the big disbursement day of the year. The interest and dividend payments due here to-day on securities, railroads and other corporations, amount to over $63,000,000 and the interest on the government, state and municipal bonds aggregates $14,000,000, making the total payments $77,000,000.

Two Killed.

BRAZIL, Ind., July 2—Mike Williams, aged about fifty years, and Allen Campbell, aged about forty, were both run over and instantly killed by No. 6 eastbound passenger train on the Vandalia, due here at 2:47 a. m. yesterday. Campbell was mutilated almost beyond recognition. Williams lost both legs and suffered other injuries.

Suicide by Morphine.

ELKHART, Ind., July 2.—Miss Lydia Smeltzer, a well known young lady of this city, while suffering from a fit of depression last night, took a dose of morphine that caused her death this morning. She was in the habit of using the drug, and abstinence from it for a time caused the depression and drove her to suicide.

Banker Disappears.

ATLANTA, Ga., July 2.—C. C. Nelson, a banker, who had been running the North Side Savings bank here has disappeared.

The colored people of Fort Wayne will celebrate the Fourth of July by having a grand basket social at the colored Masonic hall, in the evening, on Harrison street, in Kelsey's block. Everybody invited to take part in the occasion.

A FATAL ACCIDENT.

Three Men Fatally Injured by an Accident on the Lake.

PORT HURON, Mich., July 2.—The new steam barge, Servia, on her first trip up the lake, coal laden, for Milwaukee, blew the corner off her steam chest, just before entering Lake Huron, this morning, seriously injuring Second Engineer E. Robinson, of West Bay City, and Fireman K. Thomas and a deck hand named J. Renn. The latter can not live. Thomas is also in a dangerous condition. Engineer Robinson will recover.

LOCAL BRIEFS.

Miss Lottie Brooks has accepted a clerical position in the Adams express office.

Edwin T. Jackson and Maud M. Cartwright were licensed to wed this afternoon.

The St. Paul's Catholic church will picnic at the Apple orchard on the Fourth.

Marcellus Rahner has qualified as administrator of the estate of the late Joseph Rahner.

Bernard Downey will be tried for grand larceny, before Judge O'Rourke, Thursday next.

Judge O'Rourke gave George E. Lawrence a judgment for $373.29 against Sumner C. Bowman.

Mr. Wm. Hahn, of Stewart & Hahn, has returned from a trip to Kansas City, where he is interested in real estate.

Oliver Yorkey was arrested to-day on an old warrant charging him with fighting. He got away from Officer O'Ryan then.

The case of the state against Laura Crooksit for assaulting Elsa Lyons will be tried in Justice Ryan's court to-morrow.

Mrs. Dr. J. O. Keller, of this city will leave late evening for a two months visit at Indianapolis and cities in the northwest.

On next Sunday evening Joseph Hughes and family will leave for New York City from which point they will on the 12th set sail for a foreign trip. They will be absent about one year.

Five machanists and five boiler makers can obtain employment at the Nickel Plate shops in this city. THE SENTINEL is glad to see this demand for labor and gives publicity to the information cheerfully.

Mr. J. E. K. France was admitted to practice law at the Allen county bar today. Mr. France is a very bright young gentlemen, scion of a family of lawyers and will yet make his mark in the profession.

Wm. C. Ryan, son of justice of the peace Daniel Ryan, this morning passed a very creditable examination and was admitted to practice law in the courts of Allen county. He is a studious young fellow and has a bright future before him.

Last evening, Harry Chasky tied a horse by the halter strap to a sleigh standing by his grocery on the corner of East Washington and University streets. The animal became frightened and ran several squares, dragging the sleigh with him. He succeeded in demolishing the sleigh before he was captured. No other damage was done

The Typographical Union voted yesterday to increase the scale of prices for composition on night and day work. The day scale is raised from twenty-eight to thirty cents per 1,000 ems, and the night scale from thirty to thirty-three and one-third cents per thousand ems. Job printers are to receive $14 a week, and day foreman $16 and night foreman $20. The scale is very fair, is similar to that paid by other cities and will go into effect August 1st.

THE MARKETS.

NEW YORK, July 2.—The stock market began the new week without change, the character of the dealing being dull and without feature, the first sales at slight declines. At 11 it was very dull and steady to firm at close to the opening figures.

NEW YORK, July 2.—Money, easy, at 2@3 per cent.
Bonds, 127½ ex. int., 127¼, 110.

TOLEDO, June 2.—Wheat, quiet, at 85½c. Corn, dull, at 48c. Oats, quiet; August, at 26½c. Cloverseed, firm, October $4.45.

The exhibition of the Fair association, at the fair grounds, July 4, will be the greatest on record. The flight of a balloon by Professor Young in his parachute will attract thousands. Think of a man leaping from a balloon a mile high and shooting to the earth.

The Weather.

WASHINGTON, July 2.—Indiana: Warmer, fair weather, followed by local rains.

FELTON UNSEATED!

The California Election Case Decided—The Senate Committee Report Adversely to Fuller's Nomination.

WASHINGTON, July 2.—By a strict party vote the house committee on elections to-day decided the California contested election case of Sullivan vs. Felton in favor of the contestant, Sullivan, and will report a resolution unseating Felton. The republicans will prepare a minority report, which will probably be drawn by Mr. Rowell, of Illinois, favorable to Felton's claims.

The senate took up the river and harbor bill. There was a demand for a separate vote on the Hennepin canal amendment. It was withdrawn by Vest on the suggestion that the question might be left to the conference committee, but subsequently a motion to reconsider was made by Mr. Sherman.

Information has been received of the treasury department of the existence of a contagious disease among the cattle in the neighborhood of Tara, Grey county, Ontario. Assistant Secretary Maynard has instructed the collector of customs at Buffalo and suspension bridge tenders to refuse entry and importation of cattle from that district.

The senate committee on judiciary has decided to report back the nomination of Melville W. Fuller to be chief justice, without a recommendation.

REPLYING AT CHICAGO.

CHICAGO, July 2.—The failure of the senate committee to recommend the appointment of Melville W. Fuller, as chief justice, has called out some warm condemnation at his home here, by members of both political parties. The democrats are particularly severe.

ADDITIONAL LOCAL.

The St. Peter's Catholic church will give a picnic at DeWald's grove July 4.

Dr. C. M. Fiser has resigned the local agency of the "Bad Debt Collecting Agency."

Drs W. H. Myers, H. V. Sweringen and M. F. Porter are at home from Indianapolis.

The young men of the St. Mary's Catholic church will picnic at the Tivoli Garden July 4.

Mrs. Montgomery Hamilton and family will pass the summer at their Mackinaw cottage.

Mrs. Louis Siefel, of Angola, is a guest of her mother, Mrs. Fisher, of West Washington street.

Geo. Graham, the Bluffton brute, is on trial in the Circuit court for a criminal assault on Josephine Varner.

The Fruit House will be closed on the Fourth of July to allow the employes to properly observe the national holiday.

Mrs. M. A. Merriweather is at Chicago, and Mrs. F. P. Randall and daughter, Miss Mary, will join her this week.

Ed. Meigler is charged by residents of West Superior street with stealing a sum of money from a house in that neighborhood.

Special meeting of the Railroad Ladies' Auxiliary at their parlors, 245 Calhoun street, this evening at 7:30 o'clock, standard time.

The six weeks old daughter of Mr. William C. Nobrwald, of No. 309 Hanna street, died yesterday. The remains were taken to Monmouth, Ind., for burial to-day.

The cottage meeting of the Railroad Y. M. C. A. will be held Tuesday evening at the residence of Mr. Irwin Bryan, No. 144 Horace street, at 7:30 o'clock, standard time. A cordial invitation to all.

John Refine, of the Pittsburg yard service, fell from a car yesterday and injured his back severely by dropping on a steel rail. Dr. Stemen says he is resting easy to-day.

The "Lillie" was called to the junction west of the city Saturday night to disperse a gang of tramps. The *Gazette* says the fellows wanted to rob a Pittsburg passenger train. The *Gazette* is humorous if not original.

The St. Paul's Lutheran congregation will picnic at Concordia college grove July 4. The Emanuel church picnic will be at the Thomson grove, on South Broadway, and will have a line of busses to the festival. St. John's Lutheran congregation will picnic at Reidmiller's grove and have engaged the City band.

Mr. George W. Brackenridge received a telegram from Indianapolis, this morning, announcing the sad intelligence of the death of Mrs. A. G. Craft, mother of Rev. Frost Craft, formerly of this city, but her home at the state capital, Saturday evening. Mrs. Craft was highly respected and widely known.

Rev. D. C. Woolpert attended the Jeffersonian club meeting Saturday night. His recent utterances and his presence at the meeting led Hon. Fred. J. Hayden to suspect his conversion to democracy and on his motion the reverend gentleman was chosen chaplain of the club. Rev. Mr. Woolpert says he was at the meeting as a spectator and would have objected to his election, but could not make himself heard so great was the enthusiasm. It is not too late for the clerical gentleman to repent his political ways, however. To him and all other independent voters the Jeffersonians extends a hearty welcome.

There was no service at the Second Presbyterian church last evening.

TEN DROWNED.

Sad Fate of a Pleasure Party Who Were Overtaken by a Storm.

PORT CHESTER, N. Y., July 2.—Ten young men of this village lost their lives in Long Island Sound Saturday. About seven o'clock William Hubbard and Bart Flint, both married and having children, and Frank Heyworth. Albert Merrifield, Max Smith, Patrick Shea, Michael Rogan, Alexander Dempsey, John and Edward Rehold, brothers, single, left the harbor in a boat twenty feet in length. Their boat was overtaken by a storm and all were drowned.

THE JEFFERSONIANS.

They Have a Rousing Meeting and Elect New Officers—The Uniform.

The circuit court room was crowded to its utmost capacity Saturday night in response to a call for the reorganization of the fat famed Jeffersonian club.

Hon. Chas. McCulloch presided and Mr. W. W. Rockhill was at the secretary's desk.

Ex-Councilman Herman Michael, Capt. J. H. Rohan, A. P. Callis, Edward Miller and a number of gentlemen who have been independent in politics stepped up and signed the Jeffersonian roll and declared themselves for Cleveland, Thurman, tax reduction and an honest administration of governmental affairs.

Their conversions were hailed with cheers and stirring speeches were made. Mr. Michael's paying a high tribute to the city government, concluding with the words, "I join the democratic party because it does not need reform."

The election of officers was fraught with the greatest possible unanimity and resulted as follows:

President, Charles McCulloch.
Vice-Presidents:
First Ward—Captain Charles E. Reese.
Second Ward—S. M. Foster.
Third Ward—William Meyer, jr.
Fourth Ward—A. F. Glutting.
Fifth Ward—Jno. C. Peters.
Sixth Ward—Louis Fox.
Seventh Ward—Chas. Sonnenhatmer.
Eighth Ward—George R. Hench.
Ninth Ward—F. C. Bolts.
South Wayne—Captain J. H. Rohan.
Secretary, Michael V. Walsh.
Treasurer, C. F. Mubler.

The military officers were chosen as follows:

Captain, George Pickel.
First Lieutenant, Michael S. Monihan.
Second Lieutenant, Thos. Toomey.
Orderly Sergeant, Louis Hazzard.
Chaplain, Rev. D. S. Miller.
Standard Bearer, Captain E. B. Smith.

The club has adopted the white hat and cane and a Jeffersonian badge as its uniform emblems and a committee, Hon. J. H. Barrett and A. J. Moynihan, was appointed to look after them.

THE EXCHANGE!

An Important Meeting to be Held This Evening—Report of the Investigating Committee.

The Business Men's exchange will meet in regular session to-night.

The election for voting an appropriation of $300,000 to the New York, Mahoning and Western road, occurs next Saturday, so that the attendance of the members of the ward campaign committee is expected and necessary this evening, as it is proposed to call a monster mass meeting for Thursday or Friday evening of this week.

Messrs. H. C. Graffe, H. C. Paul and J. E. Mounting will to-night report to the the exchange the result of their visit to Findlay and Ottawa, Ohio, where the new road is being constructed. Mr. Mounting says the committee rode over seventeen miles of the road, and pronounces the track the best and most substantial he ever looked at. The contractors will have the rails laid into Findlay by July 4.

The work of grading the road towards Fort Wayne, he says, is pushed rapidly and the Alleghany Construction company tell him they will build the road from Findlay across Ohio and Indiana to the Illinois state line, 178 miles, as fast as an army of workmen can accomplish the task. The committee will state its findings to the exchange in a fair and impartial manner to-night and will add that in all agreements and contracts the company has kept faith with Ohio people.

The shop project will be the topic for discussion and the exchange parlors ought to be crowded.

He Wanted to Die.

A stranger attempted to chloroform himself in the court house yard this afternoon. He saturated a handkerchief with chloroform and laid down to peaceful slumbers, but the police were called and the would-be suicide was hustled off.

Killed by a Train.

ELKHART, Ind., July 2.—Mrs. Susie Call, a well known lady of this city, while walking on the Lake Shore and Michigan Sothern track, in the western part of the city, last evening, was run over and instantly killed.

THE IRON STRIKE!

The Findlay Iron Works Signs the Amalgamated Scale—The Situation To-day.

PITTSBURG, July 2.—Two more signatures to the amalgamated scale are reported this morning—the Laughlin Iron company, of Leechburg, Pa., and the Findlay Iron company, of Findlay, Ohio. The shut-down does not affect all the workmen in and around the mills as reported. Many departments are not governed by the Amalgamated association scale and will continue in operation. Jones & Laughlin employ 4,000 men at the American Iron works, but only half of these are affected. The others are employed in other departments of the mill and will continue at work as long as they have iron.

QUITE AN EVENT.

The Corner Stone of the Monroeville Catholic Church Laid Yesterday.

In the presence of a vast assembly the corner stone of the new Catholic church at Monroeville was laid yesterday afternoon by Rt. Rev. Bishop Dwenger, who was accompanied from this city by Very Rev. Father Brammer, Rector J. H. Oechtering and Rev. Father Koenig.

Two special train were run from this city and carried some 800 people to the festivities. The Catholic Knights and the Catholic Legion, in their handsome uniforms, were among the excursionists and a branch of the Legion came from Decatur.

The bishop preached an eloquent mission sermon and on this subject he has no superior anywhere.

The occasion was a pleasant one and indicates an interest in church growth.

REV. W. N. WEBBE.

His Resignation Accepted by the Trinity Church Vestry.

At a meeting of the vestry of Trinity church, Saturday night, the resignation of Rev. W. N. Webbe, as rector, was accepted to take effect September 1 next.

Nothing has been done yet as to electing his successor and nothing will be for a month or two.

Rev. W. N. Webbe is a very forcible pulpit orator and his services will engage our admiration later on.

The Festival To-night.

The concert and festival at Library hall will continue to-night and will be as attractive as ever, the City band and Prof. Reinecke's orchestra doing musical honors.

A feature of the festival is the contest for a handsome chair between the railroad ticket agents. The vote opened Saturday night as follows: R. G. Thompson, 10; John Rose, 10; Gordon Evans, 14; Frank Wise, 7.

Broke His Leg.

Yesterday afternoon, in a runaway accident on Ewing street, two buggies collided and the occupants were thrown out into the street. Mr. Ph. Hochstetter was driving one of them and in the fall to the ground he had his leg broken. He was conveyed to his home on Breckenridge street and is now under the care of Dr. Sweringen. Both vehicles were pretty badly demolished.

The Building Boom.

Charles Benoy has been given a permit to build one story frame house on lot 1, Hanna's lots, to cost $950.

John H. Lange, to build a two story store building on lot 143, Hamilton's 4th addition, to cost $3,000.

Geo. Eisel, to build a one-story frame house on lot 85 Bass and Hanna's addition, to cost $500.

Go to Warsaw July 4th and see the grand fire works. $1.00 round trip. 2t.

TO SUBSCRIBERS.

THE SENTINEL'S subscription list has grown to such proportions that the news-boys are liable to make mistakes and have omissions. Our friends and subscribers will confer a favor by notifying the management of any failure to receive THE SENTINEL. Subscribers are only required to pay for papers actually delivered. This will prompt our agents to do their duty.

Boom the city. It helps every inhabitant.

THE Jeffersonians still live and are mightier than ever.

DECATUR, Ind., will indulge in the rare luxury of entertaining three conventions to-morrow.

It now transpires that the republicans had to pay thirty cents a drink for whisky at Chicago. No wonder they declared for the abolition of the whisky tax.

THE local democratic forces are organized in splendid shape. Now let the campaign proceed. Tireless, ceaseless, intelligent work, and nothing short of it, will bring a glorious victory to the democratic party.

LEVI P. MORTON, the republican candidate for vice-president, is head of the firm of Morton, Bliss & Co., in New York, and Morton, Rose & Co., in London. The republican press will have very little to say about British gold this year.

It will cheer the Irish heart to know that one of General Harrison's ancestors was one of Cromwell's lieutenants and sympathizers. If we recall events rightly it was this Harrison of the Cromwellian era that signed the death warrant of Charles I. and was hanged and quartered for it.

THE *Gazette* forgets its Gresham love and espouses the Harrison cause so readily as the Southern Indiana widow, who, the other day, married an old lover an hour after her dead husband's funeral. Only a few of the Gresham mourners, however, participate in the Harrison-Morton wedding feast.

THE excursion of the employes of the Pittsburg and Fort Wayne road to Warsaw Saturday is one of the pleasantest features of our industrial life and is calculated to create a pleasant and congenial feeling between the railroad company and its servants that must result in good to both. The example is good and wholesome and worthy of emulation everywhere.

THE house has completed the consideration of the free-list schedule of the Mills tariff bill. This portion of the measure effects a reduction of $25,000,000 in customs duties, based upon the importations of last year. Mr. Mills will now urge consideration of the other features of the bill that only effect a reduction of the import tax and expects to bring the measure to a vote within four weeks.

THE *Chinese Weekly News*, published in New York, comes out squarely for Harrison and Morton. It says: "The *Chinese Weekly News* believes in principle always. It dares to advocate it. Therefore it is heart and soul for Ben Harrison. He believes, as does the *Weekly News*, that this is a country not only intended for the white and black sons of Ham, Shem and Japhet, but also the yellow sons of Adam as well. Otherwise this would not be the America we know of."

THE Jeffersonians had a magnificent meeting Saturday night. The interest and enthusiasm in the democratic cause was never so forcibly demonstrated. When four life long republicans arose to announce their conversion to Cleveland, Thurman and tax reform, the rejoicing, as might be expected, was tumultuous. The club is splendidly officered and will be a great factor in Allen county politics. Nothing short of 5,000 democratic majority will satisfy the Jeffersonians.

THE annual review and adjustment of the salaries of presidential postmasters has been completed by the government. The total number of presidential offices which will be in operation July 1, 1888, is 2,502, an increase during the year of 166. The aggregate allowances for salaries of presidential postmasters for the next fiscal year is $4,272,400, an increase of $822,100. The total gross receipts of presidential postoffices for the year ended March 31, 1888, were $38,498,721, an increase of $3,821,569.

An eminent lawyer, Judge John Morris, pronounces the agreement and contract between the county commissioners and the New York, Mahoning and Western road in every way regular and binding. The Business Men's exchange is proceeding in the matter in an honest, careful manner and propose to secure the people that the proposition to vote $200,000 for the great shops of the New York, Mahoning and Western road is right or wrong. So far the assurances demonstrate the justice of the appropriation, and THE SENTINEL feels that the opinion of this intelligent body of business men is worth more than the vague and exasperating insendoes of an anonymous writer.

OPPOSED TO HARRISON.

Indiana Workingmen Will Vote Against the Republican Nominee.

INDIANAPOLIS, July 2.—The leaders here of labor organizations have almost to a man pronounced against the republican ticket. The *Labor Signal*, the organ of the party in Indiana, voices this sentiment and says:

"The nomination of Mr. Harrison was a genuine surprise to the organized workingmen of this state, because their attitude toward that gentleman is well understood, and it does not seem possible that a convention of sane men would invite confidence with a large number of votes in an extremely doubtful state by naming a candidate so objectionable. Mr. Harrison's candidacy for the senate two years ago aroused opposition among the labor organizations. It was expressed in scores of resolutions adopted by assemblies and unions. This paper opposed Mr. Harrison's election to the senate for reasons that would prevent it from supporting him now. His public record, in our judgment, has not been such as to commend him to the favorable consideration of the people this paper represents. We did all within our power to warn the republicans in time. That they did not think advice from such a quarter worth heeding cuts no figure now, but hundreds of letters from representative workingmen in this and other states indorsing the *Signal's* position and breathing intense enmity to Mr. Harrison are convincing proof that our position is correct, at least from the laboring and point. Organized labor will decide the presidential contest this year, and it is almost solidly arrayed against Gen. Harrison. In our judgment Mr. Harrison's defeat is a foregone conclusion, even if Gov. Porter should lend himself to the commonly talked scheme of running for governor in order to help the Chicago nominee through in Indiana.

A second source of weakness to the Chicago ticket is Levi P. Morton, the Wall street banker. It looks as if Senator Ingall's advice to the Kansas delegation has been carried out to the letter. It is a principle as strong as written law with knights of labor not to aid in the elevation of a national banker to any office. The organization is opposed to the national banking system, and recognizes in it the mainspring of all monopoly. For a great political party to go into Wall street—over which the curses of the farming and producing classes of the nation hover like an angry cloud—to select a candidate for its national ticket is another thing that astonishes the average workingmen and causes him to wonder whether the monopolistic interests of the country have not foreseen the inevitable conflict and concluded to force the issue without giving labor further opportunity to organize and inform itself.

Opposed to the Ben Harrison Doctrine.

INDIANAPOLIS, Ind., July 2.—The democratic workingmen of the First precinct, of the Twenty-first ward, have organized. The names of 150 active democrats were subscribed to the following:

We, the undersigned workingmen of the First precinct, of the Twenty-first ward; believing that it is to our interest to organize in behalf of good government and the advancement of labor, do now declare that we are opposed to the Ben Harrison doctrine of coolie labor, shooting down workingmen, taxing of the laboring classes for the benefit of monopolies and trusts combined, and in favor of the present administration of Grover Cleveland, to whom we each and severally pledge our ardent support.

A DAY'S OUTING.

The Pittsburg Employes Enjoy a Grand Gala Day at Warsaw's Famous Resort.

The excursion last Saturday to the beautiful Eagle Lake resort, near Warsaw, given by the Pennsylvania railroad company to the employes of this city, was the success of the season. At least 3,000 people attended it, and as the two monster trains unloaded their passengers at the depot, within a few rods of the resort, it appeared, as one of the residents of Warsaw remarked, "As if the whole of Fort Wayne had been sent down to Eagle Lake for a gala day."

It did not take long for the vast crowd to disperse themselves and they were soon scattered about in the immense grove, engaged in such pleasures as the resort afforded. It was in the height of their day's pleasure that THE SENTINEL reporter found them, when, in company with a number of the clerical force of the Pittsburg office, he stepped from the afternoon train and wended his way to the Eagle Lake hotel.

A more beautiful spot than "Spring Fountain park," by which name the resort is known, would be difficult to find. Situated within a mile and a half of the beautiful little city of Warsaw, it lies right at the edge of one of the most romantic lakes of northern Indiana and is indeed a paradise for pleasure seekers. Nature had been rich in her gifts in making this a pleasant place, but the hand of man has added much to it, and now an elegant hotel, winding walks and drives, beautiful flowers, rustic bridges, fish ponds and fountains, deer park, flowing trees, boating, bathing, swings, croquet, lawn tennis, dancing hall, base ball grounds and numerous other attractions have been added to it and one finds plenty to amuse and entertain him while passing the day among its cool and shaded retreats.

The Fort Wayne party were not slow to take advantage of all the attractions which the place afforded and they got out of the day all the pleasure there was in it. The dancing hall and boat riding on the lakes were the favorite attractions. The former was a scene of gaiety all the afternoon and evening, while the lake was dotted with boats at all hours. There was nothing to mar the pleasure of the day and at a late hour the party boarded the trains for home, which was reached shortly after 10 o'clock.

NOTES.

Casso's orchestra furnished the music for the dancing hall.

The steamer on the lake did a thriving business and was crowded all day.

The base ball grounds is a recent addition and was not in very good shape.

Messrs. Page, Yarnelle and Foster, of this city, have handsome cottages at the resort.

The Pittsburg employes voted it a gala day and they will long remember its pleasures.

Many people from Warsaw drove out in the evening and looked in on the pic nickers.

There is an elegant drive around the lake and many persons paid the ten cent fare to enjoy it.

The boats were kept in constant use. The management did not have enough to supply the demand.

The City band were with the excursion and always drew the crowd around them when they played.

Dinner and supper were taken picnic-fashion around through the grounds and cold chicken, cake and pickels had to suffer.

Many of the excursionists went over to Warsaw during the afternoon. The drive is a twenty-minute one, and costs ten cents each way.

Mr. George Triplett is the proprietor of the hotel. He is a pleasant and accommodating gentleman and is meeting with success in the business.

The little folks were well provided for. The employes furnished them with 200 bags of mixed candy and 400 balls of pop corn, and in each package was a nickel.

Frank Zimmerman, editor of the *Warsaw Union*, was on the grounds in the evening. Frank is publishing one of the best democratic papers in Northern Indiana.

The Pennsylvania company nine and the Warsaw club played a game of base ball in the afternoon and our boys were beaten by a score of 4 to 0. The Warsaw club had Wiseke and Jones, from this city, as their battery, and to this cause the Pennsylvania club owe their defeat. They were disappointed in securing the battery they expected.

ALLSPICE is not all spices at all, but one spice, the product of the powdered berries of the pimento or Jamaica ginger. Pimento trees are small evergreens, and the flowers grow in clusters, and are followed by small green aromatic berries, which are gathered before ripening and spread upon platforms to dry in the sun. The trees are never planted, but grow wild from seeds scattered by birds, and are thinned out and looked after by the farmers. A strong liquor is made from the berries by the Jamaica farmers.

Get rid of that tired feeling as quick as possible. Take Hood's Sarsaparilla, which gives strength, a good appetite, and health.

THE year 1610, three years after the first settlement, is known as the "starving time" in Virginia, owing to the hardships endured by the settlers.

No injurious effects can follow the use of Ayer's Ague Cure. It contains an unfailing antidote and specific for miasmatic poisons, together with remedial agents which purify and re-invigorate the system.

Half Rates 4th of July.

The Fort Wayne, Cincinnati and Louisville railway will sell excursion tickets between all stations at half rate on July 3rd and 4th, good to returning July 7. 33-5t

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional — not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and "until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 252 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

James Garman, Esq., of Lykens, Pa., writes: "For years I have suffered dreadful from every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her very quickly. Her health is now perfect. Martyrs to headache should try

WINDOWS OF THE SOUL.

A Study of the Eyes—Rules and Individuality Shown.

[Chicago Herald.]

"Wink as much as you please, but keep the lids wide open. Ah! yes, that will do. You are one of the few women that I have posed who knows how to use the eyes."

The speaker was a well-known Chicago photographer, and the person addressed was a charming, young woman with marvelous black eyes and a wealth of fluffy golden hair.

"It will be a perfect picture, miss," he said; "you will like it. You may see a proof to-morrow."

Then, as the young lady left the studio, the little artist fell to thinking about eyes. It was an interesting and instructive chat. It was learned that long eyelashes soften the expression, particularly in women. A marked example of this was Adelaide Neilson. She seemed to have a double set of eyelashes, so heavy were they. Her great charm was the expression of her eyes. They were large and beaming. They had a soul in them, and the heavy lashes pencilled them. It was learned, too, that a full eyelid gives a softening expression, and that the surrounding muscles have a great deal to do with the expression of the eyes. But the whole soul is expressed in the eye when a person is earnestly pleading. In woman the eye is more delicately shaped than in man; the eyelashes are longer and the eyebrows more delicately arched. A perfect eye in a woman should be full, almond-shaped, with long lashes, upper and lower, with a delicate eyebrow to suit the shape of the eye. In color blue is the more sentimental, but a small gray eye in a woman will vary more in expression. Some men have woman's eyes. The great Napoleon was one of them. He had the clear, cold, steel-gray eye that showed the lightest and the darkest shades of character. It is the flash of expression that makes the woman's eye lovable, the coquettish part of her nature expressing itself in the eye.

There are eyes, also, which resemble those of animals—the lion, the eagle, the ferret. Gen. Logan's eye could be truthfully called a hawk's eye, it was so black and piercing; yet, withal, it was a full, honest eye and one of deep feeling. The actor Montague's eye was often compared to that of Vigzuille. It was soft and beautiful and full of soul.

It is said that there are thirteen rules by which the character may be judged by the eyes. Those that are very large and are also of an extremely clear blue, almost transparent when seen in profile, indicate a ready and great capacity, extreme sensibility, suspiciousness, an inclination to enjoyment and curious inquiry. Black, sparkling eyes, that are small and under strong, black eyebrows, denote penetration and often cunning and artful similitude. A weak nature is denoted by eyes which, seen in profile, run almost parallel with the profile of the nose, and a small, pusillanimous character by eyes about which there are many very small long wrinkles. Eyes with long, sharp, horizontal corners and think-skinned lids covering half the pupil indicate a sanguine nature and genius. Quick discernment, elegance and taste, instability, pride, and a strong love for women are denoted by eyes which are large, open, clearly transparent and which sparkle with rapid motion under shapely delineated lids. A feeble constitution and a phlegmatic weakness of mind are donated by eyes with light, small eyebrows and very long, concave lashes. Eyes that are never very round nor entirely open are those which hear while they see, enjoy and color their object like themselves, and are a medium of voluptuous and spiritual enjoyment. Proud, suspicious, harsh, and cold-hearted persons have deep-sunken, small, sharply delineated, dull blue eyes, under a bony, perpendicular forehead.

Curious facts have been observed regarding the eyes as a feature in national physiognomy. The Italian's eyes are small, the German's light-colored and surrounded by many wrinkles, and the Englishmen's are strong, open, and steadfast. The Swiss have dull eyes; the Laplanders narrow eyes with the pupils of a yellow brown; the Tartars small and sunken eyes; the Spaniards' are clear and well formed, and the Finlanders have heavy lids and the iris of a deep yellow.

The little photographer fished from an inner pocket a diary which contained his judgment concerning the eyes of distinguished people who have faced his camera here and in New York. Following are some extracts:

The eye of passion is the grand eye, and it is in delineation of passion that the actor possesses power. In this Booth is unexcelled. His great power is in his eyes and in their great intensity. They are large, rigorous, nervous, subdued, yet full of power, flashing eyes.

The experience of others is sufficient assurance that you will not be disappointed in the result.

EXPLOSIVE GUN COTTON.

Dangers That Lurk in the Explosive Made of Celluloid—How Celluloid is Manufactured.

"Look out!"

The reporter did look out, and had inadvertently put his hand in a coil.

"Great Heavens, man! Do you want to burn your fingers?" continued the merchant, excitedly.

"What's the matter?"

"Matter enough. That coil of wire you have framed in celluloid and which you keep twirling them around in your fingers too near that gas jet you will have an explosion."

The reporter placed the dangerous contrivance astride his nose, and the merchant, one of the largest dealers in the city, continued his conversation while this incident had interrupted it.

"Most celluloid is made in France. Would you like to know how? Then listen: A roll of paper is slowly unwound, and at the same time is saturated with a mixture of five parts of sulphuric acid and two parts of nitric acid, which falls upon the paper in a fine spray. This changes the cellulose of the paper into pyroxyline (gun cotton.) The excess of the acid having been expelled by pressure, the paper is washed with plenty of water until all traces of acid have been removed. It is then reduced to a pulp, and passes on to the bleaching trough. It is this gun-cotton which gives it its explosive nature.

"Most of the water having been got rid of by means of a strainer, the pulp is mixed with from 20 40 per cents. of its weight of camphor, and the mixture thoroughly triturated under millstones. The necessary coloring having been added in the form of powder, a second mixture and grinding follows. This pulp is spread out in thin slabs, which are squeezed in a hydraulic press until they are as dry as chips. Then they are rolled in heated rollers, and come out in elastic sheets. They are from that point worked up into every conceivable form. You can get celluloid collars, cuffs, bairpins, shirt fronts, cravats, penholders, brushes and combs, inkstands, knife handles, jewelry, and everything else almost that you can imagine. I have seen in Paris a room almost completely furnished in celluloid. The curtains, the furniture, the door knobs, and even the matting were made of this material. You may be sure no matches were ever carried there. Indeed, the room was never used. It was only a curiosity, and the man who owned it owned the factory where it was made. These rooms will never be popular. Few men, even in this rapid age, care about being blown into the kingdom come in small fragments, scorched and scattered, and that would be the fate of the man who let a lighted match fall in such a room."

The Dynamite Gun.

Zalinski's dynamite gun has already been adapted and improved by the English ordnance-builders. Henry Maxim one of these, retains the pneumatic principle which has been utilized with so much success by Zalinski, but in stead of using compressed air alone, he mixes with this a quantity of volatile hydrocarbon, such as the vapor of gasoline. This mixture is introduced behind the projectile and the pneumatic pressure is applied to start the projectile forward in the chamber of the gun After it had moved a certain distance the projectile itself uncovers a detonating fuse and an explosion then occurs the air furnishing the oxygen for the explosion, and its pressure being increased about eight times. He claims that by this method his initial pressure does no need to be more than half as great a that used by Zalinski, nor does he require that the barrel of his gun shall be of such great length. His highest pressure is about 4,000 pounds to the inch, the initial pressure being not more than one-tenth of that.

Says She Slept with a Bear.

A letter from Kingston, N. Y., says:—It hardly seems credible that a child should meet with a wild bear in the woods, nestle close to its warm robe of fur, and sleep all night with bruin and not be harmed at all. On Wednesday afternoon last, a 2½-year-old daughter of Millard Davis of Boiceville, in the Catskill Mountains, disappeared and no trace of her could be found, although searching parties were out all night. On Thursday, a man who was fishing for trout discovered the little girl standing in the middle of a brook that runs through a deep ravine between two mountains. She had wandered over two miles away from home. The parents were overjoyed in recovering their little one. And now comes the strange part of the incident. The little girl has never been known to tell stories, and in fact is too young and innocent to practice deceit. When her father asked her where she had slept all night the little one answered,—"In the woods with a big bear, papa." She was closely questioned, but the child adhered to her story that she had slept with a bear in the woods, and people in Boiceville believes that the little girl did really meet with a bear, and, not knowing what it was, went up to it, and for some reason the beast refrained from hurting the wanderer.

There are other people who believe the bear came out of the mountains to the vicinity of Mr. Davis' house, and the child, seeing the shaggy brute, ran after it and followed it to the ravine.

Catarrh Cured

Catarrh is a very prevalent disease, with distressing and offensive symptoms. Hood's Sarsaparilla gives ready relief and speedy cure, from the fact it acts through the blood, and thus reaches every part of the system.

"I suffered with catarrh fifteen years. Took Hood's Sarsaparilla and I am not troubled any with catarrh, and my general health is much better." I. W. Lellis, Postal Clerk Chicago & St. Louis Railroad.

"I suffered with catarrh 6 or 8 years; tried many wonderful cures, inhalers, etc., spending nearly one hundred dollars without benefit. I tried Hood's Sarsaparilla, and was greatly improved." M. A. Abbey, Worcester, Mass.

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the *combination* of remedial agents; 2d, the *proportion*; 3d, the process of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla lines up my system, purifies my blood, sharpens my appetite, and seems to make me over." J. F. Thompson, Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. Harrington, 130 Bank Street, New York City.

honestly admit that they can't cure Rheumatism and Neuralgia. Others say they can but—don't. Athlophoros says nothing but—*cures*. That's the secret of its success. Years of trial have proved it to be a *quick, safe*, sure cure.

Concord, N. H., Sept. 2, 1885.
In my own family athlophoros exercises as high a power. It has never failed from rheumatism for years and having been tested by the closest applications of this noble remedy, I can recommend it with confidence to all those in necessity of relief. Upon my recommendation several people have sent to this remedy with the same result as mine. C. H. Wilson.

Dalton, N. Hamp., Jan. 3, 1886.
Athlophoros has completely cured me of rheumatism of the worst kind, and I feel thankful for all the good it has done me.

MAGNOLIA

BALM, overcomes Sallowness, Blotches, and gives a Smooth, Soft, Youthful and Pliable Skin!

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or foul taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "specks or spots" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flashes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Biliousness, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number of dreadful diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken, according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Scrofula, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, end in death. Don't delay.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As a powerful, but harmless, restorative, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Sores, Ulcers, Tumors, Scrofulous Sores and Swellings, Hip-Joint Disease, "White Swellings," Goitre, or Think Neck, and Enlarged Glands, respond to its use in stubborn cases. Treating with the usual printed plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery**, and, with good digestion, a fair skin, buoyant spirits, vital strength and healthy health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs**, is arrested and cured by this remedy, if taken in the earlier stages of the disease. Many a case of pulmonary consumption, which has progressed even further than this, and has become seated in the bronchial tubes, and even in the lungs themselves, has been cured by the use of this remedy, when all other remedies and physicians had failed. For all **Chronic Diseases of the**

Liver, Blood, and Lungs,

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at $1.00, or Six Bottles for $5.00.

LOCAL NEWS.

The mayor disposed of three drunks this morning after the usual fashion.

Mr. Emmett Powers, who has been quite ill for a week past, is recovering.

Mr. J. J. Dooley, of Chicago, spent Sunday in the city, the guest of relatives.

The Maxim club defeated the Fort Wayne club Saturday by a score of 21 to 0. The Berry street club can beat that.

Mrs. Court Stockton, of Bluffton, was the guest of the family of Mr. N. Conover, of East Wayne street, over Sunday.

The Theodore Thomas orchestra passed through the city this morning in a special train.

Mr. Harry Hammill is very ill at his home and has been for some days. He is threatened with abdominal congestion.

Barnard Hutter, administrator, sues Martin H. Huer for $150 on a note. Spencer & Jenkinson are attorneys for the plaintiff.

Mr. Bart McCarthy, one of Col. C. A. Zollinger's best clerks, came from Indianapolis to visit his parents and friends over Sunday.

The Portland *Sun* says: "The Misses Fleming, of Fort Wayne, spent a few days the guests of Miss Dios and Minnie Fleming, this week."

With a new $50,000 depot at Rome City and a $250,000 depot at Grand Rapids, the Grand Rapids and Indiana railway company is booming.

The Logansport *Journal* says: "The Scottish Rite Masons who went to Fort Wayne on Thursday evening, say they were royally treated. They sat at an elegant spread."

Mrs. August Beverforden, her son, Herman, and daughter, Louise, returned Saturday from a six months visit in California. Mr. Beverforden arrived home a few weeks ago.

Robert J. Devine and Nellie G. Throckmorton have been licensed to wed. Mr. Devine is the steward of the Wayne hotel and his bride is an accomplished and pretty young lady.

Dr. George W. Long, the county clerk, has received notice from Governor Gray that hereafter all insane patients from this county may be taken to the new insane asylum at Logansport.

A man had his fingers mashed this morning while unloading rails on Holman street and fainted a short time after on the street. He was taken to the stable and medical aid summoned.

The Bluffton *Review* says: "Mart Bulger, of Fort Wayne was in the city to-day.—Miss Annie Fairfield, of Fort Wayne, who has been visiting Miss Myrtle Justus for a few days returned home this afternoon."

The Huntington *Herald* says: "T. F. Theime, of Fort Wayne, offers a liberal reward for the recovery of a grip which he left on the Wabash depot platform when he boarded the east bound train Wednesday evening."

The Brotherhood of Locomotive Firemen is still increasing in membership to an unparalled extent. It is estimated that at least 3,000 members will be added in 1888. Besides being a social organization, it is doing a grand work in a charitable way.

Twenty-five years ago yesterday, Councilman J. C. Ranalli was badly wounded at the battle of Gettysburg, and lay upon that field for four days after the rebel bullet had struck him. Jack regrets that he can not participate with his old comrades in the celebration of the twenty-fifth anniversary of that great struggle to-morrow, but he has raised a forty foot flag pole at his residence and to-morrow the grand old banner, that he and so many others fought to defend, will float from its mast head.

The Plymouth *Republican* says: "Considerable indignation was felt and expressed, last Friday, when it was learned that M. W. Simons, representing this district in the Chicago convention, had voted on the second ballot for Judge Gresham, instead of General Harrison. It was well known that he had been so instructed both by his county and district conventions, and that the Marshall county delegates, in district convention, had to pledge themselves for Mr. Simons before he could secure the election as delegate."

Mrs. R. C. Bell is visiting relatives at Muncie.

Water rents have been reduced 20 per cent.

Dr. Barnett went to Butler, Ind., this morning.

Mrs. Robert Cran and children are visiting at Aboite.

Fredie Maguire, of Ewing street, was quite ill yesterday.

Mr. S. R. Alden is erecting a summer cottage at Petosky.

Mr. and Mrs Joseph Hughes will sail for Europe, July 11.

Mrs. H. J. Wilder and children are at their Bear lake cottage.

Mr. and Mrs. W. H. Watt are sojourning at the sea shore.

Mrs. Killian Baker and daughter are visiting at Allegheny, Pa.

There was a bad runaway accident yesterday on Ewing street.

Miss Abbie Keegan leaves for Warsaw to-morrow to visit for a week.

Prof. C. A. Stapleford, of Louisville, is in the city, en route to Europe.

The Fort Wayne club played a game of ball at Union City this afternoon.

Mr. Max Nirdlinger and family leave for the sea shore soon after July 4th.

Ex-County Clerk Willis Maier is going to remove from Duluth to Chicago.

There was quite a display of fireworks last night in different parts of the city.

Mr. Fred Block is doing honors over the advent of a new baby girl at his home.

Mrs. Lewis and daughter, Ida, of Atchinson, Kansas, are visiting Mrs. F. F. Bolts.

Mr. Conrad Nagel says a girl. The bright eyed beauty arrived at his home yesterday.

Mr. Wm. Hahn, the dry goods merchant, has returned from a trip at Kansas City.

Miss Nina Coop, of Auburn, Ind., is the guest of Miss Myra Smith, of No. 11 Monroe street.

The Wabash will close their warehouse on the Fourth and no local freight will be received.

Dr. J. W. McClelland writes from Chicago that he will return to Fort Wayne to reside.

Mr. Will Eckert has gone to Duluth to take charge of his father's cigar and tobacco trade in that city

The Wabash employes are going to have a free excursion to Presque Isle. Let the good work proceed.

James McDermot, a printer, was struck by a Wabash train at Logansport Saturday night and badly hurt.

The Masons of Delta, Ohio, propose to erect a monument to the late Octavius Waters, father of Mr. Tom Waters, the traveling salesman.

At a meeting of the Typographical union yesterday, Mr. C. C. Castleline was elected president and Mr. Edward Miller vice president.

Mr. Chare Kroemer, of Washington township, who had his leg broken about six weeks ago, is still confined to his home with the injuries.

The Huntington *Democrat* says: "Mrs. Frank Knecht, of Fort Wayne, who has been visiting the family of Peter Zahn, of Tipton street, returned home this morning."

Weighmaster Ryan collected $107.50 during the month of June. For the six months ending June 30 he weighed 3,097 tons of hay, 17,112 bushels of corn and 23,742 bushels of oats, the total value of which was $70,000.

Rev. A. K. Zartman, of the Grace Reformed church, preached the first sermon of his pastorate in this city yesterday to a large audience. It was an interesting and eloquent effort and the brilliant young pastor will prove a great favorite as a pulpit orator in this city.

The *Gazette* ought to be the last paper on earth to hint at plagiarism on others. Its local columns are made up each morning with the news slipped from the *News* and SENTINEL of the evening before and its funny items are reproduced from the Detroit *Free Press* and last year's almanac.

The state tour of Indiana wheelmen begins July 6th at Indianapolis, going through Morristown, Rushville and taking in the Cincinnati exposition, thence through Kentucky, visiting Mammoth Cave and other points of interest, and disband at Marysville, Ky. The estimated cost is about $20.

The pretty waiter girls and the clerks of the McKinnie house picnicked on the banks of the St. Joe yesterday and had a delightful time with their friends. The affair was given by Mr. George McKinnie as a compliment to the employes of the popular railroad hotel for their very efficient service during the rush attendant on the Chicago convention.

Twenty-five years ago to-day Capt. Charles Reese was wounded at the battle of Gettysburg and our readers will recall how the bullet of that famous battle liberated itself from long imprisonment in the nasal bones of the captain's face some months ago. Captain Reese never overlooks the anniversary of that battle for it was a close call for him.

At the meeting of the democratic county central committee Saturday, there was some question as to the viva voce vote for chairman, Hon. Montgomery Hamilton and Hon. J. M. Barrett being voted for. Mr. John Wilkinson and others asked for a roll call of the townships and wards for the purpose of verification and were hissed and ridiculed by some fellows in the lobby. A member of THE SENTINEL staff, who is one of the committeemen from the Fifth ward, arose to insist on a roll call. He was hissed, but just for a moment, however, for he paid his respects to the parties responsible for the interruption, silenced them and secured a roll call over their objections, everything he asked for. This statement is made to satisfy the *Gazette* that no one from THE SENTINEL office was "sat down upon," and never will be in any such manner as it intimates.

ECHOES OF THE RAIL.

Quietness Reigns Around the Busy Centers of the City and the News Gathered is Not Startling.

All the railroads will have reduced rates for the Fourth.

The Wabash boys will have a big excursion to Presque Island.

Many of the Bass foundry employes were at Monroeville yesterday.

Ed. McCamley, of the Bass moulding rooms, was at Monroeville yesterday.

Daniel Imbody, of the Bass works, was off duty to-day on account of sickness.

Ph. Smith, of the Bass machine shops, is still confined to his home with an injured leg.

Charley Benoy and H. M. Zauner, machinists at the Bass works, will spend the Fourth at Chicago.

Wm. Deprey, of the Olds wheel works, has gone to Archbald, Ohio, to remain until after the Fourth.

Frank Saffen, a machinist at the Bass works, is being congratulated over the arrival of a boy baby at his home.

Young Molidor created considerable amusement for the pleasure at Warsaw Saturday by leading a turtle around by the tail.

The Pittsburg took 618 excursionists to Monroeville yesterday to attend the dedication exercises of the Catholic church at that place.

Wm. Anderson, of the Nickel Plate, leaves this week for Mt. Clemens, Mich., on account of his health. He has been sick for several weeks.

Mr. James A. Graham, the superintendent of the Pittsburg car department, made it pleasant for the children at Eagle Lake Saturday.

The Pennsylvania base ball club played a good game at Warsaw Saturday. It was the Fort Wayne battery of the Warsaw boys that beat them.

The different manufacturing establishments of the city will close down Wednesday to give their employes an opportunity of enjoying the Fourth.

Pittsburg train No. 3 was stoned Saturday evening as it was passing through Lima, O. The windows were broken and several of the passengers injured. These miscreants should be severely handled if caught.

The big jack engines which took the excursion trains to Warsaw Saturday were compelled to return to this city to turn around, the turn-table at that place not being large enough for that purpose. They then made the trip back to Eagle Lake and returned with the trains in the evening.

The shop men of the Pennsylvania company desire us to return their thanks to Superintendent Law, Superintendent of Motive Power Cassanave, Master Mechanic Potter and the shop committee for the picnic given them at Warsaw Saturday. They enjoyed the day hugely and voted the picnic one of the best they had ever enjoyed.

It is amusing to see how the *Gazette* gets mixed up some times—very frequently in fact—when mentioning the names of some of our most prominent and well known towns people. For instance in giving the vote on the most popular railroad ticket agents of the city at the Library hall fair, Saturday night, it gives the names of John Bass and R. L. Thompson.

While at Warsaw our reporter enjoyed the pleasure of meeting Mr. D. P. Nichols, one of the employes of the Pennsylvania company at that place. Mr. Nichols was for years the agent of the company at Pierceton, but is now stationed at Warsaw. He has a host of friends among the employes of the Pennsylvania and every train man on the road knows him, for his pleasant ways make him a favorite.

James H. Sloan, the clerk of the Pittsburg machine shops, observed the anniversary of his birth Saturday in a royal manner and spent the day with a host of friends at Eagle Lake, Warsaw. The boys were ignorant of the fact that it was Jim's birthday and the first notice that they had of the fact was on the train when returning home in the evening. This was too late to admit of the honors that would have been thrust upon him at Eagle Lake had the fact been known, but Jim received the congratulations quietly and smiled to think how nicely he had fooled the boys.

The New York, Mahoning and Western Road.

Some time ago it was stated that a receiver had been appointed for the above line. To disprove the falsehood we append the following official documents:

Circuit Court of the United States for the Northern District of Ohio, Western Division:

I, Hallie W. Brown, deputy clerk of said court, do hereby certify that no receiver of the New York, Mahoning and Western railroad has been appointed in any suit or proceeding in this court.

Witness my official signature and the seal of said court, at Toledo, Ohio, this 30th day of June, A. D., 1888.

HALLIE W. BROWN,
Deputy Clerk U. S. Courts.

TOLEDO, Ohio.

No receiver has been appointed and so far as I know no application to the court has been made for such appointment. Certainly the North Chicago Rolling Mill company has presented no such application to the court here by me, or anyone else, as their attorney.

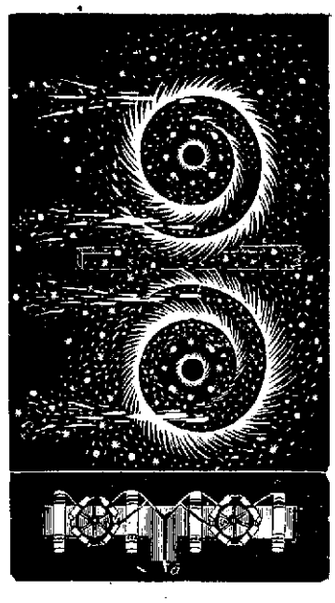
FIREWORKS! FIREWORKS!



My stock of Fireworks this year is the largest ever purchased, consisting of all the latest makes of Garden and Exhibition Pieces, such as Parachute Rockets, Telescope Rockets, Exhibition Rockets, Colored Gallopade, Monitor Battery, Flowering Aloe, etc.; also Roman Candles, Sky Rockets, Colored Fires, Pin Wheels, Triangles, Mines, Balloons, Cannon Firecrackers, Lanterns, and everything in the line of Fireworks and Flags.

Remember that I sell wholesale and retail. Dealers and societies in surrounding towns will find it to their advantage to order of me, as I can sell goods at lower prices than some of the larger cities.
